

Dear Intern and/or Student Teacher placed in a Catholic parochial school,

The Roman Catholic Diocese of Phoenix requires all pre-service teachers to participate in a 3-hour training class offered throughout the valley titled "Call To Protect Class." It is within the Safe Environment Training, and individuals will learn guidelines for their interactions with minors. For additional information, please visit the website:

<http://www.safeenvironmenttraining.org/classes.php>

It is recommended that you save evidence from this training in order to demonstrate your completion and participation of the training (for example, any certificate, booklet, hand-outs, etc.) as you may be asked to produce such evidence at your school site.

Thank you,

The Office of Clinical Experiences
