IVP (Identity Verified Print) Fingerprint Clearance Card Information
(Directions for currently residing in Arizona)

Arizona state law requires all interns and student teachers to possess a valid IVP (Identity Verified Print) fingerprint clearance card in order to be placed in a school for an internship or student teaching. If you do not have an IVP fingerprint clearance card, apply for it now. Any delay in the fingerprint clearance process will affect your progression into the teacher preparation program.

You must have a copy of your IVP fingerprint clearance card on file in the Office of Student Services before beginning Term 5. The IVP fingerprint clearance card must be in your possession whenever you are at your school site.

NOTE: Non-IVP fingerprint clearance cards (cards that do not have an IVP number at the bottom of the card) will not be accepted. If your current fingerprint clearance card does not have an IVP number on the front of the card, consider applying for an IVP card now. The form required is: APPLICATION FOR A FINGERPRINT CLEARANCE CARD REQUIRING IDENTITY VERIFIED PRINTS (form DPS 802-07263).

For more information on applying for an IVP fingerprint clearance card, refer to the Arizona DPS website: http://www.azdps.gov/services/public/fingerprint/. For Teacher Certification fingerprint card requirement, refer to the ADE website: www.azed.gov.
