Introduction

Master of Education degree in Early Childhood Education

The [MEd in Early Childhood Education \(Teacher Certification\)](#) program provides graduates with the master's degree and an institutional recommendation for Arizona early childhood education certification (birth through age 3 or grade three). All courses are online with MLFTC Professional Pathways experiences completed in person.

Mary Lou Fulton Teachers College offers options for students to earn a master's degree and Arizona teacher certification or Masters only. The coursework for each is the same and includes clinically embedded assignments to connect theory and practice in the classroom through professional experiences.

The program builds connections between educational design and decision-making; professional growth and leadership; and scholarly, integrative knowledge through quality classroom instruction paired with extensive field experiences. Students gain a strong foundation in teaching and content knowledge from experts in the field of education with years of K–12 experience. MLFTC faculty members actively engage students in the research process throughout the program to facilitate students' examining problems of practice and engaging in iterative cycles of inquiry in collaborative educational contexts, culminating in their own applied research project.

A series of professional experiences assists students in developing a thorough understanding of teaching and learning as they apply knowledge from their coursework to the classroom. Individualized guidance through the clinical framework provides students with the support they need to become effective educators.

Program learning outcomes

Graduates demonstrate the capacity to apply advanced knowledge and possibility thinking to practical challenges by imagining new solutions and creating positive change for all learners, families or communities. Throughout the program, students will participate in educator scholar communities to enhance their engagement. Educator scholars will expand their specialized knowledge and intellectual skills throughout the program. Essential areas of learning include broad, integrative knowledge and concepts from fields of study that bridge this knowledge and these skills. Further, graduates are able to apply advanced knowledge and possibility thinking to practical challenges to create positive change in education. Graduate students will need access to learners birth through age 8 throughout the program.

The Early Childhood, Elementary, Secondary and Special Education (Teacher Certification) programs each have a series of core courses which include shared content and collaboration as well as content and assignments differentiated by track.

The program culminates in an action research applied project in ECD 593 in which students research, implement and measure the effectiveness of an intervention to solve a problem of practice in pre-K to grade 3 classrooms.

Through the program learning outcomes, graduates will be able to:

- DDM 1 — Execute an instructional cycle using methods, strategies, high leverage practices, technologies and interventions appropriate for a range of learner abilities, differences, cultural and linguistic assets and needs supported by research-based pedagogical practices and theories.
- DDM2 — Create learning experiences that address the central concepts, tools of inquiry and structure of content disciplines to engage learners in accessible, relevant and meaningful content to ensure critical thinking and mastery of the content.
- DDM3 — Create and maintain inclusive, equitable learning environments that support individual and collaborative learning experiences, utilize high leverage practices, and foster critical thinking, active

- engagement and well-being for all learners
- DDM4 — Use multiple methods of assessment and data to evaluate learner strengths and needs, determine eligibility for services, monitor progress, guide educator decision making and actively engage with learners and stakeholders.
- DDM5 — Apply strategies for instructional co-planning, co-analyzing of data and cogenerative dialogue in service of meeting student needs.
- DDM6 — Apply appropriate strategies to promote resiliency, empathy and inter/intrapersonal awareness in support of collaborative decision-making.
- GLAE1 — Build and implement a professional growth plan using evidence and reflective practices in the areas of professional responsibility, educator identity, leadership, ethical conduct and advocacy for equitable and inclusive practices.
- GLAE2 — Advocate for students, families and communities with an understanding of the social, local, cultural or global context.
- GLAE3 — Self-reflect and assess personal contributions for shaping and supporting the mission of their school or organization's goals, positive school climate and environment of trust.
- GLAE4 — Apply expectations of the profession including applicable codes of ethics, professional standards of practice and relevant law and policy.
- ESK1 — Examine previous understandings and assumptions and articulate the impact of the local/cultural context, personal histories and relevant experiences on problem(s) of practice.
- ESK2 — Engage in iterative cycles of inquiry in collaborative educational contexts and systems to imagine new concepts, catalyze ideas and form new solutions, guided by principles and research that create positive change for learners.
- ESK3 — Elucidate a relevant problem of practice in their own educational context and system informed by major theories, theorists and/or frameworks.
- ESK4 — Implement an applied research project, synthesizing the findings and defending the significance and implications of the study as relevant to social and global context.
- ESK5 — Integrate interdisciplinary perspectives and methods to synthesize past and current experiences and other fields of study.

Non-Arizona residents, please refer to the [ASU Online State Authorization Information page](#) for additional information.

Purpose of the handbook

This handbook provides guidance and information related to admission, program requirements, and general policies and procedures. Please note that in some cases you will find differences between program policies and requirements and ASU's Graduate College policies and procedures. In these cases, Mary Lou Fulton Teachers College has established higher standards. Policies and procedures are subject to change. Changes will be communicated to students through email. Any updates to this handbook can be found on the [program website](#).

Admission

Admission to the MEd Early Childhood Education (Teacher Certification) program is offered for the fall, spring and summer semesters. Completed admission files are reviewed and admission decisions are made on a rolling basis. Space may be limited; therefore, applicants are strongly encouraged to apply and have all application materials on file with ASU on or before any posted deadlines.

Quick facts

- Campus location: Online
- Start terms: Fall Sessions A and B, Spring Sessions A and B, Summer Session A
- Time to completion: 5–6 semesters (fall, spring, summer), depending on program option. This is 1.5–2 calendar years, provided the student follows the prescribed course sequence.
- Application deadlines: [Graduate Programs Application Deadlines](#). (See [Academic Calendar](#) for session dates)
- Professional Pathways experiences (internships, student teaching/residency) will be completed in an approved setting. Experiences vary based on the selected pathway and certification route.

Contacts

For admission information, contact EnrollmentOnline@asu.edu. Current students, please contact your assigned academic advising team, listed on your My ASU page. If you do not know who your advisor is, contact [MLFTC Office of Academic and Career Success](#) at 602-543-6358 or GraduateEducation@asu.edu

Graduate admission requirements

ASU maintains *minimum* standards for consideration for admission to graduate programs. The program may establish requirements in excess of those established by the university.

- An earned bachelor's degree or higher from a regionally accredited institution in the U.S., or the equivalent of a U.S. bachelor's degree from an international institution officially recognized by that country.
- Maintain a B (3.00 on a 4.00 scale) grade point average in the last 60 semester hours or 90 quarter hours of undergraduate coursework. If you do not meet the minimum GPA requirements, your application may still be considered.
- International applicants must provide proof of English proficiency. The following are accepted to meet his requirement
 - Test of English as a Foreign Language (TOEFL): 90 (iBT, with scores on the Speaking and Writing portions in high "Fair" – "Good" range (22-30) institutional code is 4007. Only electronic copies of scores are accepted.
 - International English Language Testing System (IELTS): overall band score of at least 6.5 with Speaking and Writing portions scoring at least 6.5
 - Pearson Test of English (PTE): score of at least 62.
 - Duolingo English test: score of at least 110
 - *Individual academic units or programs may have higher requirements for English proficiency.*

Academic program admission requirements

In addition to the graduate admission requirements, the program requires the following as part of the application:

Personal statement — Describe the personal and professional goals that motivate you to apply for the MEd in

Early Childhood Education. Explain what has led you to this career path and how this program will help you excel as an early childhood teacher in the classroom. The admission committee pays particular attention to the quality of writing and ideas expressed in the personal statement. The statement should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

Three professional references — Provide the names, email addresses and institutions or companies of individuals who will submit electronic letters of recommendation. They should be individuals who have worked with you in professional or academic capacities and who can attest to your aptitude for the teaching profession and your ability to succeed at graduate-level coursework.

Resume that includes relevant personal, professional, educational and community activities (one to two pages). The resume should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

Fingerprint clearance —

- **Arizona Residents** - Include a copy of your IVP fingerprint clearance card (front and back) or Arizona DPS fingerprint card application if you do not have the card at the time of application. [Visit the DPS site](#) for information on applying for and receiving your IVP fingerprint clearance card.
- **Non-Arizona Residents** - Applicants residing in another state are responsible for ensuring that they are aware of their individual state and local district's/school's unique fingerprint and background check requirements for any clinical placements in a PreK-12 school setting as well as anticipated applicable timelines for completion of those requirements so that the applicant can timely complete the requirements in advance of any placement. It is the applicant's responsibility to comply with all such requirements prior to placement.

Provisional acceptance guidelines

Applicants who do not meet the GPA criteria for admission but have otherwise strong applications may be considered for provisional admission by the committee. This status provides the academic unit with an opportunity to better evaluate the student's academic potential. Students are notified of the provisional requirements in the admission notice from the college.

Most provisions must be completed within the first semester of enrollment. When students have satisfied the provisional requirements, they should confirm with their academic advisor that a change of status has been recommended. Students with provisional admission are not eligible to submit an interactive Plan of Study — the iPOS — until the conditions of admission have been satisfied.

Graduate Admission Services will withdraw students who have not met the provisions of their admission within the required time frame from the degree program.

Preadmission credit policy

With the approval of the degree program and the ASU Graduate College, students may include a maximum of 12 graduate-level credit hours with grades of B or better that were not used toward a previous degree. Preadmission credits must have been taken within three years of admission to the ASU degree program to be accepted. The complete preadmission credit policy can be found on the [Graduate College website](#).

Tuition cost and financial aid

Tuition and fees

Tuition is set by ASU and the Arizona Board of Regents each year. [View the general tuition and fees schedule](#), or calculate a more specific estimate of charges using the [ASU Tuition Estimator](#). Most online courses carry mandatory fees in addition to tuition and other university fees.

Online tuition for resident students is capped at 11 credits for graduate students. Online tuition for nonresident students is billed per credit hour with no cap.

Financial assistance

Financial aid is available through a variety of sources.

Mary Lou Fulton Teachers College scholarships and fellowships

MLFTC offers a number of fellowship and scholarship opportunities for students. Information about these opportunities can be found on the [MLFTC website](#).

Opportunities available include:

- Arizona Teachers Academy scholarship
- Mary Ann Graham Johnston Memorial Scholarship
- Robert Noyce Teacher Scholarship

Graduate college fellowships

The Graduate College offers a number of fellowships to graduate students at ASU. Information about fellowship opportunities can be found on the [Graduate College website](#).

Opportunities available include:

- Coverdell Fellowship for Returned Peace Corps Volunteers
- Graduate College Fellowship
- Completion Fellowship

Financial aid

For information about financial aid related to this program, visit the [Financial Aid website](#).

ASU payment plan

If tuition is not paid by the applicable tuition due date, or financial aid is not awarded and accepted by the due date, you will be automatically enrolled in the [ASU payment plan](#) and charged a nonrefundable enrollment fee.

Curriculum and graduation requirements

Program requirements

Students in the MEd Early Childhood Education (Teacher Certification) program complete 30 credits of graduate coursework, including a culminating experience and 9 semester credit hours including field experience (39 total credits). Courses in this program are offered in a predetermined sequence that includes summer terms. Summer enrollment may be necessary to complete program requirements. The course sequence is based on the session in which you begin the program. Your academic advising team will provide you with the appropriate course sequence upon admission to the program. *If you take a course out of sequence, your time to degree completion or financial aid eligibility may be affected as not all courses are offered every session.*

Students complete one course per session, with six sessions offered each year. Course sequences are found on the [MLFTC Graduate Student Resource Site](#).

ECD 576	K–3 Internship	2
ECD 578	Student Teaching in Early Childhood (K–3)	2
ELL 515	Structured English Immersion (SEI) Methods	3

Total credits for certification**9**

*Curriculum and tuition are subject to change based on ABOR and ADE updates and requirements. *The Early Childhood Certification program is for students without certification through the Arizona Department of Education who would like to obtain certification with their master's degree.*

Culminating experience

The culminating experience for the master's degree is Applied Project: ECD 593. Students must earn a grade of B or higher in the culminating experience course.

MLFTC Professional Pathways experience

Students who pursue the MEd in Early Childhood Education with certification will complete two, two-credit internships — one in pre-K and one in grades K–3. During these semester-long internships, students will spend one full day per week in a classroom.

Certification students will also complete a full-time residency in which they will work full time for 15 weeks in an early childhood (K–3) classroom. Students will be expected to follow their mentor teacher's contracted hours — a full-time work schedule — and students are advised not to work at other jobs during these times.

To begin an internship or residency, students will work with our MLFTC Professional Pathways liaison to locate a placement; obtain a list of state, district and school requirements; and submit those to the school for verification.

Prior to the first day of the semester in which a student is registered for Professional Pathways placement (ECD 567, 567 or 578), students must submit a signed form verifying that all required clearances and verifications have been submitted to their placement site. This must be received by the first day of the semester, not the first day of the placement, which may occur after the semester start date. Students who fail to do so will be dropped from the applicable professional experience course.

Required documentation may include an IVP fingerprint clearance card and other district, school or state-specific requirements. If a student's site changes from one placement to another, they should review the list and work with their new placement to obtain any necessary clearance prior to the first day of that semester.

Professional certification requirements

Coursework to certification includes clinically embedded assignments to connect theory and practice in the classroom through professional experiences. Students take classes in a fully online modality (ASU Online).

Students take six credits of professional experience throughout the program to meet certification requirements. Students must successfully complete 6 credits of professional experience: 2 credits Preschool internship, 2 credits K-3 internship, and 2 credits K-3 Student Teaching.

Interactive Plan of Study

All ASU graduate students are required to complete and submit a plan of study online through the [My ASU interactive Plan of Study](#). Students are required to submit their iPOS during their first semester. Students without an approved iPOS on file prior to completing 50% of the coursework required for the program will receive a hold.

Students are encouraged to schedule an appointment with their MLFTC advising team to discuss their plan of

study and how to complete the iPOS. After submitting the iPOS, your advising team will approve it. The Graduate College has final approval over all iPOS submissions.

When evaluating your iPOS, your advising team will check to ensure all required coursework is included as part of your plan and that you are planning to take courses in the appropriate sequence/order. Your advising team will send your iPOS back to you for revision if it is incorrect.

Teacher certification

The Arizona Department of Education approves and recognizes teacher and administrator preparation programs offered by ASU as providing the academic knowledge and experiential expertise required of graduates to apply for Arizona certification. *Graduates of MLFTC teacher preparatory programs qualify to apply for certification or licensure in many, but not all, states and territories, either directly or through reciprocity.*

ASU provides information from state websites on the [professional licensure](#) page. Still, students are encouraged to confirm the regulatory requirements needed to apply for certification or licensure in the states in which they are interested in working, including additional subject testing and background checks or professional experience requirements. For answers to specific questions, contact MLFTCcompliance@asu.edu.

Institutional recommendation for Arizona teacher certification

Graduates completing MLFTC teacher preparatory programs are eligible for an Institutional Recommendation allowing them to satisfy academic requirements for teacher certification in the state of Arizona. Graduates seeking certification or licensure in other states may need or want to become certified in Arizona first and then transfer that certification to other states via reciprocity. Prospective students can use the [professional licensure](#) page to determine if reciprocity or direct application is the preferred option in the states in which they are interested in teaching. Prospective students are encouraged to contact their states of interest to confirm the MLFTC preparatory programs they are interested in will lead to certification or licensure.

Arizona and U.S. Constitution requirements

Students have three years under a valid teaching certificate to fulfill the Arizona Department of Education requirements for Arizona and U.S. Constitution exams, unless they are teaching an academic course on history, government, social studies, citizenship, law or civics, in which case they have one year to fulfill the requirements. Students may take courses through ASU or a community college, or take the Constitutions of the United States and Arizona (33) Arizona Educator Proficiency Assessment exam to fulfill the requirements.

Structured English Immersion Requirements

The SEI course is part of the curriculum of Master of Education programs for students who need to meet the SEI endorsement requirement for their certificate. The SEI endorsement workshop or course may be taken through other [ADE-approved SEI endorsement training providers](#). Confirm with your school district or charter school if your teaching placement is considered an SEI classroom.

Certification examinations

No exams are required for admission to the Graduate Certificate in Teaching program. Completion of state-required exams prior to program completion is recommended. State-required exam information can be found on the [ADE website](#).

Additional states and territories

Full reciprocity is not available in many states, and transcript reviews, further testing and completion of additional coursework may be required based on a state's certification or licensure policies.

MLFTC collects and provides certification and licensure information from each state, district and territory to aid prospective students in program and career decision-making. However, each state's policies and practices are subject to change and are open to interpretation that can change at any time. Prospective students are strongly encouraged to contact their states of interest to confirm they can meet all certification, academic and professional requirements before making enrollment decisions.

There are elective courses and other options that can help students prepare for unique academic requirements in the states they desire to teach. Please contact advising at GradEdPrep@asu.edu to ensure academic requirements can be met before applying for certification or licensure outside Arizona.

Satisfactory Academic Progress and Professional Conduct Policy

Students are expected to familiarize themselves with the policies and procedures listed in the MLFTC Satisfactory Academic Progress and Professional Conduct policies, and understand Graduate College policies related to academic progress found on the [Graduate College Policy and Procedure website](#). This is not a complete representation of the [current SAPPC policy](#), which includes policies and procedures regarding academic progress, professional experiences, and appeals and grievances. Students are expected to read and understand the policy in its entirety.

To remain in good standing in Mary Lou Fulton Teachers College, students must maintain satisfactory academic progress consisting of both academic performance and adherence to MLFTC's Professionalism Standards. This document sets forth the standards and expectations for "satisfactory academic progress" and "good standing" for undergraduate and graduate students and explains the consequences of failure to meet these standards.

In addition to the policies stated herein, students are expected to abide by applicable ASU and Arizona Board of Regents policies, including the [Student Code of Conduct](#), the ASU Academic Integrity Policy, ASU Graduate College Policies and Procedures (for graduate students), as well as all policies, procedures, rules, regulations and requirements established by the local education agency, school district and/or school in which they are engaged in field experience or residency. Failure to do so may lead to consequences that include dismissal from the program and expulsion from the university. Graduate students should also refer to the [ASU Graduate College website](#) for further information about ASU Graduate College policies.

Title IX

ASU prohibits all forms of discrimination, harassment and retaliation. [Read ASU's Title IX policy](#). Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities operated by the university, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the Title IX Coordinator or to the U.S. Department of Education, Assistant Secretary, or both. Contact TitleIXcoordinator@asu.edu or 480-965-0696 for more information. The Title IX office is located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, visit ASU's [Report It! Page](#).

Student responsibility

All students are expected to be familiar with and abide by university and program policies and procedures. Visit the following websites for policy and procedure information:

- [ASU Graduate College policy manuals](#)
- [ASU Graduate College Policies and Procedures](#)
- [Mary Lou Fulton Teachers College student forms and policies](#)

Student email

Email is a primary form of communication between MLFTC and students in the program. Students are expected to check their ASU student email account regularly to ensure timely receipt of information from faculty and staff.

Harassment

ASU is committed to providing an environment free of discrimination, harassment or retaliation for the entire university community. ASU expressly prohibits discrimination, harassment and retaliation by employees, students, contractors or agents of the university based on any protected status: race, color, religion, sex, national origin, age, disability, veteran status, sexual orientation, gender identity and genetic information. [More information on ASU's policy on discrimination, harassment, and retaliation](#)

Academic integrity

Integrity is a character-driven commitment to honesty, doing what is right and guiding others to do what is right. ASU students and faculty are expected to act with integrity in their educational pursuits.

The ASU student [Academic Integrity Policy](#) lists violations in detail. These violations fall into five broad areas that include but are not limited to:

- Cheating on an academic evaluation or assignment
- Plagiarizing
- Academic deceit, such as fabricating data or information
- Aiding academic integrity policy violations and inappropriately collaborating
- Falsifying academic records

Student Code of Conduct

The [ASU Student Code of Conduct](#) sets forth the standards expected of students who choose to join the university community. Students who violate these standards will be subject to disciplinary sanctions to promote their own personal development, to protect the university community and to maintain order and stability on campus. All students are likewise expected to adhere to the [Arizona Board of Regents Student Code of Conduct](#).

[Complete resources regarding policies related to the ASU Student Code of Conduct](#)

Graduate College and graduate student responsibilities

Graduate students are responsible for familiarizing themselves with all university and graduate policies and procedures. Each student should also communicate directly with their academic unit to be clear on its expectations for program completion.

Information is provided to students via My ASU. Students should frequently check their My ASU page for the most up-to-date information regarding their status, holds, items to attend to and other important information. The Graduate College establishes policies that are consistent for all graduate students throughout the university. These policies include, but are not limited to:

- Maintaining continuous enrollment
- Completion of the interactive Plan of Study
- Maximum time limit for completing degrees
- Preadmission credit
- Academic progress
- Graduate degree requirements

Students are responsible for understanding the policies set by the Graduate College. Complete policies and procedures for graduate students can be found on the [Graduate College website](#).

Policies and procedures

Registration and drop/add policies

All students are required to have proof of measles immunizations on file with [Student Health](#) prior to registration. Graduate students register through My ASU according to their enrollment appointment.

Complete details regarding registration and course drop/add procedures are provided in the [Registration and Tuition Payment Guide](#).

Enrollment verification guidelines

The University Registrar's Office will verify student enrollment each semester. Full-time and half-time credit requirements can be found at [Enrollment and degree verification](#).

Note for students in online programs: Typical enrollment in MLFTC online master's degree programs is six credits per semester. This is generally considered half time for enrollment verification purposes. Students beginning online programs in B sessions typically register for three credits in the first term, which is considered less than half time. Typical enrollment in graduate certificate programs is 3–6 credits per semester.

Maximum course load

MLFTC provides recommended course sequences for all graduate programs to guide students in their registration each term. Students are encouraged to follow the course sequence for their program or to discuss any alterations with an academic advisor. Course sequences are developed with program progression and student success in mind. The Graduate College does not mandate a maximum course load for graduate students. Anything in excess of 18 semester credit hours requires override approval.

Some MLFTC programs restrict the number of credit hours students may take within their academic program. Please consult your academic advisor if you have questions about your course sequence or the number of credits you may take in any given term.

Continuous enrollment

Once admitted to a graduate degree or graduate certificate program, students must be registered for a minimum of one credit hour during all phases of their graduate education, including the term in which they graduate. This includes periods when students are engaged in research, conducting a doctoral prospectus, working on or defending theses or dissertations, taking comprehensive examinations, taking Graduate Foreign Language Examinations, or in any other way utilizing university resources, facilities or faculty time.

Registration every fall and spring semester is required. Summer registration is required for students taking examinations, completing culminating experiences, conducting a doctoral prospectus, defending theses or dissertations, or graduating from the degree program.

To maintain continuous enrollment the credit hour(s) must:

- Appear on the student's iPOS, or
- Be research (592, 792), thesis (599), dissertation (799) or continuing registration (595, 695, 795) or
- Be a graduate-level course.

Grades of W or X are not considered valid registration for continuous enrollment purposes. W grades are received when students officially withdraw from a course after the drop/add period. X grades are received for audit credit.

Students completing work for a course in which they received an I grade must maintain continuous enrollment as defined previously.

Request to maintain continuous enrollment (leave of absence)

Graduate students planning to discontinue registration for a semester or more must submit a **Leave of Absence request via their Interactive Plan of Study (iPOS)**. This request must be submitted and approved before the anticipated semester of non-registration. Students may request a maximum of two semesters of leave during their entire program. Having an approved Leave of Absence by the Graduate College will enable students to re-enter their program without re-applying to the university.

Students who do not register for a fall or spring semester without an approved Leave of Absence are considered withdrawn from the university under the assumption that they have decided to discontinue their program. Students removed for this reason may re-apply for admission to resume their degree program; the application will be considered along with all other new applications to the degree program.

Students with a Graduate College approved **Leave of Absence** are not required to pay tuition and/or fees, but in turn are not permitted to place any demands on university faculty or use any university resources. These resources include university libraries, laboratories, recreation facilities or faculty and staff time. For more information see [Graduate College Policies](#).

Voluntary withdrawal

To withdraw from a graduate program and the university, students must complete the [Voluntary Withdrawal form](#). Submitting a voluntary withdrawal form does not remove a student from courses. Students must file separately with the University Registrar's Office to drop any courses.

Medical/compassionate withdrawal

A student may be eligible for a medical/compassionate withdrawal if the withdrawal is due to extenuating circumstances such as a previous serious physical or mental illness (medical withdrawal) or the death or serious illness of a family member (compassionate withdrawal). To request a medical or compassionate withdrawal, students must submit a [Request for a Documented Medical/Compassionate Withdrawal](#).

Maximum time limit to complete degree

Master's degree — All work toward a master's degree must be completed within six consecutive years. The six years begin with the semester and year of admission to the program. Graduate courses taken prior to admission that are included on the plan of study must have been completed within three years of the semester and year of admission to the program.

Doctoral degree — Doctoral students must complete all program requirements within a 10-year period. The 10-year period begins with the semester and year of admission to the doctoral program. Graduate courses taken prior to admission that are included on the iPOS must have been completed within three years of the semester and year of admission to the program. (Previously awarded master's degrees used on the plan of study are exempt.)

Any exception to the time limit policy must be approved by the supervisory committee, the head of the academic unit and the dean of the Graduate College. The Graduate College may withdraw students who are unable to complete all degree requirements and graduate within the allowed maximum time limits.

Student support resources

MLFTC Office of Academic and Career Success

Academic advising

All graduate students are assigned an academic advising team when admitted to a degree or certificate program. Academic advising contact information can be found on My ASU under “Academic Advising.”

Academic advisors work with students from admission to program completion and are the primary point of contact with the college. They can help students navigate program and degree requirements, registration, college and university policy, and can connect students to other resources as needed.

Students are encouraged to use the [MLFTC Graduate Student Resource Site](#) for general information about programs, processes and policies that may be specific to the academic program or college.

- Phone: 602-543-6358
- Email: GraduateEducation@asu.edu

Students can expect a response from a member of their academic advising team within 24–48 business hours. During times of peak volume, please allow up to 72 hours for a response. For urgent needs, contact 602-543-6358 to be connected with any available academic advisor.

Academic and professional development resources

ASU Libraries

The ASU library system gives you access to more than 32,000 electronic journals, 281,000 electronic books and 300 research databases online. Library support in person, through email, phone and chat is also available. You are encouraged to explore the resources offered by the ASU Libraries including:

- [ASU Online Library Guide](#)
- [Education subject course guide](#)
- [Research Databases](#)

ASU Writing Center

MLFTC expects that all submitted contributions in graduate-level courses will be of professional quality. Unless specifically stated, all assignments should conform to APA style. [Graduate Academic Support Center](#)

Career services

Students are encouraged to explore resources available through the [ASU Career and Professional Development Services Office](#). Services and events offered:

- Resume workshops and critique
- Career mixers
- Job search strategies

- Interviewing skills and mock interviews

Student support services

ASU Online student support and services

Students in online programs have access to dedicated support through success coaches and student services staff. Success coaches and contact information are listed on the student's My ASU page. [ASU Online](#)

International Student and Scholars Center

The ASU International Student and Scholars Center provides a number of services and resources to international students. [ASU International Student and Scholars Center](#)

Health Services

ASU Health Services is dedicated to the well-being and educational success of each student by providing high-quality health care that is accessible, affordable and compassionate. Students can access health services by appointment online or in person, or by walk-in for immediate concerns. [ASU Health Services](#)

Counseling services

Counseling and mental health services are provided at ASU's Downtown, Polytechnic, Tempe and West campuses. ASU students may seek services at any campus counseling center regardless of their college affiliation. Visit [ASU Counseling Services](#) for complete information regarding these services, including after-hours and weekend support. Support is available 24/7. For life-threatening emergencies, call 911.

Student Accessibility and Inclusive Learning Services

MLFTC is committed to student success and ensures an inclusive learning environment for all students. Students with disabilities or disabling health conditions who need accommodations are required to document their condition with SAILS. MLFTC encourages admitted students who believe they may need an accommodation to register with SAILS prior to enrolling in the program. [Student Accessibility and Inclusive Learning Services](#)

Veterans and Military Affairs Office

MLFTC values the exceptional contributions of our veterans and welcomes current and former members of the military and their dependents as students preparing for careers in the education field. The Pat Tillman Veterans Center is available to student veterans and their dependents with locations on four campuses and online. [Pat Tillman Veterans Center website](#)

Graduate and Professional Student Association

[Graduate and Professional Student Association](#)

Business and Finance Services

Parking and transit

The [ASU Transportation website](#) has complete information about policies and procedures related to parking and transit, including parking passes, public transit and campus shuttle information.

Student Business Services

Student Business Services offers a variety of student account services including tuition and billing, student refunds (including financial aid), receipt and payment processing, support for past-due accounts, third-party sponsorship assistance and Perkins Loan repayment. [Student Business Services](#)

Sun Devil Card Services

ASU students may choose between the Pitchfork ID and the basic Sun Card to use as an official university ID card. [ASU Sun Devil Card Services](#)

Campus amenities

Housing

Living at ASU promotes creative connections and innovation inside and outside the classroom, providing a supportive, close-knit environment designed to set you up for success. [University Housing](#)

Dining services

Sun Devil Dining offers quality, value, variety and convenience with more than 50 dining locations, including dining halls, fast-casual restaurants, cafes and on-campus markets. [Sun Devil Dining](#)

Other departments and services

Provost's office

The Office of the University Provost provides leadership for all of the university's campuses and academic programs, fostering excellence in teaching, research and service to the community. [Office of the University Provost](#)

IT help office

The University Technology Office embraces its roles as an enabler and a catalyst for advancing the vision and work of the New American University. Students can access the service center from their My ASU page. [ASU Enterprise Technology](#)

ASU Safety and Security

ASU provides a safe, healthy and secure environment. Maintaining a healthy and secure campus community for students, staff and faculty means knowing what to do in the event of an emergency and having the right tools to respond. For information related to ASU safety practices and policies, visit [ASU Safety](#). For information related to the ASU police department, visit [ASU Police Department](#).
