Progression Pathway Plan for BS in Physics (Secondary Ed)

To start the Professional Pathways Education Program students must have a 2.5 cum GPA, valid DPS IVP fingerprint clearance card, and have finished course requirements as outlined on their major map.

This form should be completed when a student and his/her advisor determine the student is ready to start the education program in Teachers College. This form will be uploaded with the online Intent to Progress Form indicating to Teachers College that you are ready to start. For a fall start, forms should be submitted from January 15 – August 15. For a spring start, forms should be submitted from August 15 – December 30. Early submissions enable students to register at the earliest possible date (according to the registration schedule).

Please plan out all remaining course requirements.

- Education courses should be completed consecutively, with student teaching in the student’s final semester. EDP 313 or TEL 315 and SPE 222 should already be completed as outlined on your major map in T1-5.
- During term 6 and 7, students participate in a clinical experience internship at a school site (6-12th grade classroom) outside of ASU. Having transportation is important as students may have to travel up to 40 miles one way. A minimum of 75 hours over 12 weeks is required, ideally one full day a week.
- During term 8, students participate in a student teaching residency. This requires a full-time, 15 week commitment that follows the mentor teacher’s contracted hours.
- No more than one course should be planned with student teaching. Any course taken with student teaching must be taught online or in the evening so that it does not interfere with student teaching responsibilities. It is highly recommended that you complete all required course work before student teaching so that you have the time and energy needed to devote to your student teaching responsibilities.

TERM 6:
- BLE 407 3
- TEL 311 3
- PHY 480 3
- SED 398 1
- Other:
- Other:

TERM 7:
- RDG 323 3
- SPE 417 3
- SED 322 3
- SED 496 1
- Other:
- Other:

TERM 8:
- SED 478 – Student Teaching 12

Summer if needed:
