

## **Instructional Innovation Professional – Job 12406**

The Mary Lou Fulton Teachers College (MLFTC) is looking for a higher education Instructional Innovation Professional to support faculty and instructors in the design of innovative and creative learning experiences for students. MLFTC been ranked among the best schools of education by U.S. News & World Report for 14 consecutive years, and is recognized for its leading scholars, research excellence and teaching. The Instructional Innovation Professional will ensure MLFTC maintains excellence and support curriculum and pedagogy. The ideal candidate has pedagogical and teaching experience in higher education, creative ideas for engaging faculty with emerging practices of instruction, and an understanding of how technology can be integrated to enhance curriculum, pedagogy, and learning outcomes (in face to face, hybrid and online contexts).

The Instructional Innovation Professional will specialize in the development of innovative pedagogical approaches through collaborative curriculum development across multiple modes of delivery (face to face, hybrid, and online contexts) for undergraduate and graduate-level curriculum. In this role, the Instructional Innovation Professional will leverage a multitude of technologies, methodologies, and approaches to learning.

The Instructional Innovation Professional will be a member of the Scholarly Initiatives Team and report to the Director of Scholarly Initiatives. Scholarly Initiatives is part of the Office of Scholarship & Innovation (OofSI) within the Mary Lou Fulton Teachers College. OofSI (<http://education.asu.edu/oofsi/>) brings collaborative design-based problem-solving to educational systems, supports faculty research and scholarly inquiry in education, and leverages new digital technologies for knowledge creation and dissemination.

### **General Job Duties**

- Research and introduce emerging instructional practices to MLFTC faculty
- Work with faculty and instructors to create and design activities, curriculum, and courses to meet specific learning goals
- Support faculty to develop holistic teaching approaches across all formats of class delivery (face to face, hybrid, online)
- Plan and deliver workshops to showcase various pedagogical approaches
- Utilize instructional practices that support and sustain students from a variety of identities, backgrounds and prior learning environments
- Support the Design and Technology Initiatives teams within the Office of Scholarship & Innovation as it relates to curriculum and pedagogy
- Work with IgnitED Lab Coordinator (part of the Technology Initiatives team) to identify appropriate technologies to address goals and interests of faculty; design and provide trainings and workshops on how to integrate technologies with curriculum

- Work with Director of Scholarly Initiatives to support faculty research on the scholarship of teaching and learning

### **Required Qualifications**

- Master's degree in Educational Technology, Curriculum & Instruction, or closely related field
- Experience working in a higher education setting
- Instructional experience
- Experience working with faculty
- The ability to work both independently and as part of a team, with strong and collegial interpersonal skills and an ability to communicate effectively in person, in writing, and online.

### **Desired Qualifications**

- Evidence of understanding emergent and innovative trends in teaching and curriculum design
- Working knowledge of current trends in technology across multiple categories including but not limited to: online digital tools, computer / device hardware, software applications, peripheral devices, mobile computing, networking, video and audio tools.
- Experience teaching in higher education setting
- Experience with curriculum design and development
- Evidence of experience with scholarship of teaching and learning
