ASU Charter

ASU is a comprehensive public research university, measured not by whom we exclude, but rather by whom we include and how they succeed; advancing research and discovery of public value; and assuming fundamental responsibility for the economic, social, cultural and overall health of the communities it serves.

Introduction

Master of Education degree in Secondary Education

The [MEd in Secondary Education](#) program is an online program for students who already have a bachelor's degree in any field and are seeking teacher certification while also earning a master's degree in education. The program offers flexibility for meeting certification requirements through professional experiences, either through an alternative teaching route, a traditional route or a combination of professional experiences that meet certification requirements.

Routes to certification

Mary Lou Fulton College for Teaching and Learning Innovation offers options for students to earn a master's degree and Arizona teacher certification through a traditional or alternative teaching route. The coursework is the same for either route and includes clinically embedded assignments to connect theory and practice in the classroom through professional experiences. Students take classes in a fully online modality.

The program builds connections between educational design and decision-making; professional growth and leadership; and scholarly, integrative knowledge through quality classroom instruction paired with extensive field experiences. Students gain a strong foundation in teaching and content knowledge from experts in education with years of K–12 experience. MLFC faculty members actively engage students in the research process throughout the program to facilitate students' examination of problems of practice and engagement in iterative cycles of inquiry in collaborative educational contexts, culminating in their own applied research project.

A series of professional experiences assists students in developing a thorough understanding of teaching and learning as they apply knowledge from their coursework to the classroom. Individualized guidance through the clinical framework provides students with the support they need to become effective educators.

Non-Arizona residents, please refer to the [ASU Online State Authorization Information page](#) for additional information.

Program learning outcomes

The Early Childhood, Elementary, Secondary and Special Education (Teacher Certification) programs have a series of core courses which include shared content and collaboration as well as content and assignments differentiated by track. Graduate students earning an MEd in Secondary Education with teacher certification may need access to learners in a secondary education setting (grades 6–12) throughout the program to complete assignments.

The program culminates in an action research applied project in SED 593 in which students research, implement and measure the effectiveness of an intervention to solve a problem of practice. Through the program learning outcomes, graduates will be able to:

- DDM 1 — Execute an instructional cycle using methods, strategies, high leverage practices, technologies and interventions appropriate for a range of learner abilities, differences, cultural and linguistic assets and needs supported by research-based pedagogical practices and theories.

- DDM2 — Create learning experiences that address the central concepts, tools of inquiry and structure of content disciplines to engage learners in accessible, relevant and meaningful content to ensure critical thinking and mastery of the content.
- DDM3 — Create and maintain inclusive, equitable learning environments that support individual and collaborative learning experiences, utilize high leverage practices, and foster critical thinking, active engagement and well-being for all learners.
- DDM4 — Use multiple methods of assessment and data to evaluate learner strengths and needs, determine eligibility for services, monitor progress, guide educator decision making and actively engage with learners and stakeholders.
- DDM5 — Apply strategies for instructional co-planning, co-analyzing of data and cogenerative dialogue in service of meeting student needs.
- DDM6 — Apply appropriate strategies to promote resiliency, empathy and inter/intrapersonal awareness in support of collaborative decision-making.
- GLAE1 — Build and implement a professional growth plan using evidence and reflective practices in the areas of professional responsibility, educator identity, leadership, ethical conduct and advocacy for equitable and inclusive practices.
- GLAE2 — Advocate for students, families and communities with an understanding of the social, local, cultural or global context.
- GLAE3 — Self-reflect and assess personal contributions for shaping and supporting the mission of their school or organization's goals, positive school climate and environment of trust.
- GLAE4 — Apply expectations of the profession including applicable codes of ethics, professional standards of practice and relevant law and policy.
- ESK1 — Examine previous understandings and assumptions and articulate the impact of the local/cultural context, personal histories and relevant experiences on problem(s) of practice.
- ESK2 — Engage in iterative cycles of inquiry in collaborative educational contexts and systems to imagine new concepts, catalyze ideas and form new solutions, guided by principles and research that create positive change for learners.
- ESK3 — Elucidate a relevant problem of practice in their own educational context and system informed by major theories, theorists and/or frameworks.
- ESK4 — Implement an applied research project, synthesizing the findings and defending the significance and implications of the study as relevant to social and global context.
- ESK5 — Integrate interdisciplinary perspectives and methods to synthesize past and current experiences and other fields of study.

Purpose of the handbook

This handbook provides guidance and information related to admission, program requirements, and general policies and procedures. Please note that in some cases you will find differences between program policies and requirements and ASU's Graduate College policies and procedures. In these cases, Mary Lou Fulton College for Teaching and Learning Innovation has established higher standards. Policies and procedures are subject to change. Changes will be communicated to students through email. Any updates to this handbook can be found on the [program website](#).

Admission

Admission to the MEd in Secondary Education program is offered for the fall, spring and summer semesters for the ASU Online modality. Completed admission files are reviewed and admission decisions are made on a rolling basis. Space may be limited; therefore, applicants are strongly encouraged to apply and have all application materials on file with ASU on or before any posted deadlines.

Quick facts

- Location:
 - ASU Online
- Number of credit hours: 30
- **Online** start terms: Fall, Spring and Summer
- Online program fee: \$2,200
- Time to completion: Five semesters, including fall, spring and summer. Students may opt to accelerate or decelerate their program sequence in consultation with their academic advisor and the program.
- Application deadlines: [Graduate Program Application Deadlines](#) (See [Academic Calendar](#) for session dates)
- Course format and delivery:
 - **ASU Online** offers asynchronous course meetings entirely online.
- Professional Experiences (internships, student teaching, apprentice teaching) will be completed at an approved setting. Experiences vary based on the selected professional pathway and certification route.

Contacts

For admission information, contact:

- ASU Online: EnrollmentOnline@asu.edu

Current students, please contact your academic advising team, Team Educator Preparation, at 480-965-5555 or GradEdPrep@asu.edu.

Graduate admission requirements

ASU maintains *minimum* standards for consideration for admission to graduate programs. The program may establish requirements in excess of those established by the university.

- An earned bachelor's degree or higher from a regionally accredited institution in the U.S., or the equivalent of a U.S. bachelor's degree from an international institution officially recognized by that country.
- Maintain a B (3.00 on a 4.00 scale) grade point average in the last 60 semester hours or 90 quarter hours of undergraduate coursework. If you do not meet the minimum GPA requirements, your application may still be considered.
- International applicants must provide proof of [English proficiency](#). The following are accepted to meet this requirement:
 - Test of English as a Foreign Language (TOEFL): 90 (iBT, with scores on the Speaking and Writing portions in high "Fair" – "Good" range (22-30) institutional code is 4007. Only electronic copies of scores are accepted.
 - International English Language Testing System (IELTS): overall band score of at least 6.5 with Speaking and Writing portions scoring at least 6.5
 - Pearson Test of English (PTE): score of at least 62.
 - Duolingo English test: score of at least 110
 - *Individual academic units or programs may have higher requirements for English proficiency.*

Academic program admission requirements (all program Pathways)

In addition to the graduate admission requirements, the program requires the following as part of the application:

Personal statement — Describe the personal and professional goals that motivate you to apply for the MEd in Elementary Education. Explain what has led you to this career path and how you will excel as an elementary education teacher in the classroom. The admission committee pays particular attention to the quality of writing

and ideas expressed in the personal statement. The statement should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

Three professional references — Provide the names, email addresses and institutions or companies of individuals who will submit electronic letters of recommendation. They should be individuals who have worked with you in professional or academic capacities, and who can attest to your aptitude in this field and your ability to succeed at graduate-level coursework.

Resume that includes relevant personal, professional, educational and community activities (one to two pages). The resume should be prepared in an MS Word (.doc), Rich Text (.rtf), Portable Document Format (.pdf), or Text (.txt) file format.

Fingerprint clearance —

- **Arizona Residents** - Include a copy of your IVP fingerprint clearance card (front and back) or Arizona DPS fingerprint card application if you do not have the card at the time of application. [Visit the DPS site](#) for information on applying for and receiving your IVP fingerprint clearance card.
- **Non-Arizona Residents** - Applicants residing in another state are responsible for ensuring that they are aware of their individual state and local district's/school's unique fingerprint and background check requirements for any clinical placements in a PreK-12 school setting as well as anticipated applicable timelines for completion of those requirements so that the applicant can timely complete the requirements in advance of any placement. It is the applicant's responsibility to comply with all such requirements prior to placement.

Additional requirement for alternative teaching route applicants

Educator exam — For applicants to the MEd Secondary Education program, the appropriate exams may be required prior to enrollment in the program, depending on state requirements for certification.

Acceptance with additional GPA requirements

Applicants who do not meet the GPA criteria for admission but have otherwise strong applications may be considered for admission by the committee with additional GPA requirements. This status provides the academic unit with an opportunity to better evaluate the student's academic potential. Students are notified of the GPA requirements in the admission notice from the college.

Most GPA requirements must be completed within the first semester of enrollment. When students have satisfied the GPA requirements, they should confirm with their academic advisor that a change of status has been recommended. Students with provisional admission are not eligible to submit an interactive Plan of Study — the iPOS — until the conditions of admission have been satisfied.

Graduate Admission Services will withdraw students who have not met the GPA requirements of their admission within the required time frame from the degree program.

Preadmission credit policy

With the approval of the degree program and the ASU Graduate College, students may include a maximum of 12 graduate-level credit hours with grades of B or better that were not used toward a previous degree. Preadmission credits must have been taken within three years of admission to the ASU degree program to be accepted. The complete preadmission credit policy can be found on the [Graduate College website](#).

Traditional certification route requirements

Students planning to enroll in the traditional certification route must meet the following additional requirements prior to beginning their first term of professional experience:

- Submit all ASU and degree program admission materials by the posted deadline.
- **Fingerprint clearance** —
 - All students, regardless of their current state of residence, are required to obtain an Arizona Identity Verified Prints (IVP) Fingerprint Clearance Card. This is a program completion requirement, as all candidates are pursuing initial teacher certification in Arizona. This certification can later be transferred to other states through reciprocity agreements. For instructions on how to apply, visit the Arizona Department of Public Safety (DPS) website (<https://www.azdps.gov/content/basic-page/108>).
 - Students who live outside Arizona and plan to complete their clinical placement in another state may also be required to complete additional fingerprinting or background checks. These requirements depend on the policies of the state, local district, or specific school where the placement will occur.
 - It is the student's responsibility to research and fulfill all fingerprinting and background check requirements before beginning any clinical placement in a PreK–12 school setting.

Alternative teaching route requirements

Students planning to enroll in the alternative teaching route often require an [Arizona Alternative Teaching Certificate](#) — or the equivalent, if completing the program outside Arizona — and must meet these additional requirements:

- Submit all ASU and degree program admission materials by the posted deadlines.
- **Fingerprint clearance** —
 - All students, regardless of their current state of residence, are required to obtain an Arizona Identity Verified Prints (IVP) Fingerprint Clearance Card. This is a program completion requirement, as all candidates are pursuing initial teacher certification in Arizona. This certification can later be transferred to other states through reciprocity agreements. For instructions on how to apply, visit the Arizona Department of Public Safety (DPS) website (<https://www.azdps.gov/content/basic-page/108>).
 - Students who live outside Arizona and plan to complete their clinical placement in another state may also be required to complete additional fingerprinting or background checks. These requirements depend on the policies of the state, local district, or specific school where the placement will occur.
 - It is the student's responsibility to research and fulfill all fingerprinting and background check requirements before beginning any clinical placement in a PreK–12 school setting.
- **Confirmation of employment**
 - Complete the Confirmation of Employment form to verify a full-time teaching position, signed by the principal and the district HR department.
 - Confirmation is required after admission to the program and prior to enrolling in the first term.
 - Employment should be in a 6–12 setting aligned with the student's desired subject: public, private, charter placements, etc. are acceptable. Alternative or non-school settings such as correctional facilities are not permitted for this program.
- The principal, school and district must acknowledge and permit the use of videotaping technology in the classroom for the purpose of teacher candidate evaluation.
- A supervising practitioner oversees the candidate during the Professional Experience. A supervising practitioner must be a standard certified educator currently employed by a local education agency, private agency or other entity, and have:

- A minimum of three full years of experience relevant to the license the candidate is seeking.
- A current classification of effective or highly effective or effective pursuant to §15-203(A)(38), when applicable.
- Adequate training from a professional preparation institution.

ASU does not provide job placement assistance. Any potential teaching position is subject to approval from the MLFC academic program. If a teaching position does not meet the criteria of the program, the student will be asked to secure a different position compliant with program requirements, or to enter the program via the traditional route to certification.

Arizona-based students who are required to have an Arizona Alternative Teaching Certificate but have not secured an alternative teaching certificate by July 15 prior to the first fall semester will not be eligible for the Apprentice Teaching course, but still may enter the program via a route that does not require an alternative teaching certificate. Contact your academic advising team for more information. Arizona students who hold an emergency or long-term substitute certificate should consult with their advising team to determine which route is best for them.

Non-Arizona students interested in completing the degree with the alternative teaching route, known in some states as alternative pathway to certification, must ensure this pathway is eligible for initial teacher certification in their state. *Not all states accept out-of-state alternative programs for teacher certification.* The alternative teaching route is designed for teacher candidates who complete their professional experience as teachers of record, not as interns or student teachers. Non-Arizona students who hold emergency or long-term substitute certification should consult with their state to determine which route is best for them.

Residency information for alternative teaching route and full-time school employees

Students located in Arizona who are teaching or working full time in a school setting are eligible for in-state tuition rates for any courses needed for initial teacher certification through the teacher waiver exception. However, the student will still be classified as nonresident.

Nonresident students located in Arizona who meet eligibility criteria must complete the teacher waiver and receive appropriate documentation in order to receive in-state tuition by the deadlines set by the [Residency Classification Office](#). Contact your advising team to obtain the authorized signature required on the coursework verification page.

Students intending to become Arizona residents should contact the [Residency Classification Office](#).

Access to Secondary students

Since this is a teacher preparation program, many of the courses have assignments that are field-based. Students enrolled in the degree-only option or those who are not enrolled in a professional experience course (internship, student teaching, apprentice teaching) will need to be prepared to have access to a minimum of 3–5 sixth - twelfth grade students for some course assignments.

Tuition cost and financial aid

Tuition and fees

Tuition is set by ASU and the Arizona Board of Regents each year. [View the general tuition and fees schedule](#), or calculate a more specific estimate of charges using the [ASU Tuition Estimator](#). Most online courses carry mandatory fees in addition to tuition and other university fees.

Online tuition for resident students is capped at 11 credits for graduate students. Online tuition for nonresident students is billed per credit hour with no cap.

Financial assistance

Financial aid is available through a variety of sources. Please note that graduate certificate programs may not be eligible for fellowships, scholarships or other funding sources.

Mary Lou Fulton College for Teaching and Learning Innovation scholarships and fellowships

MLFC offers a number of fellowship and scholarship opportunities for students. Information about these opportunities can be found on the [MLFC website](#).

Opportunities available may include:

- Arizona Teachers Academy
- Mary Ann Graham Johnston Memorial Scholarship
- Robert Noyce Teacher Scholarship

Graduate college fellowships

The Graduate College offers a number of fellowships to graduate students at ASU. Information about fellowship opportunities can be found on the [Graduate College website](#).

Opportunities available may include:

- Coverdell Fellowship for Returned Peace Corps Volunteers
- Graduate College Fellowship
- Completion Fellowship

Financial aid

For information about financial aid related to this program, visit the [Financial Aid website](#).

ASU payment plan

If tuition is not paid by the applicable tuition due date, or financial aid is not awarded and accepted by the due date, you will be automatically enrolled in the [ASU payment plan](#) and charged a nonrefundable enrollment fee.

Curriculum and graduation requirements

Program requirements

Students in the MEd Secondary Education program complete 30 credits of graduate coursework, including a culminating experience. Coursework required for teacher certification (6 credits) is included as part of the degree. Students must select between the alternative certification route and the traditional certification route. Courses in this program are offered in a predetermined sequence that may include summer terms. Summer enrollment may be necessary to complete program requirements.

The course sequence is based on your program pathway. Your academic advisor will provide you with the appropriate course sequence upon admission to the program. *If you take a course out of sequence, your time to degree completion or financial aid eligibility may be affected as not all courses are offered every session.*

Course sequences or plans of study are found on the [MLFC Graduate Student Site](#). Course numbers and titles are subject to change. Sample plans of study included in this handbook or on the [MLFC Graduate Student Site](#) are intended for informational purposes only. It serves as a general guide to help students understand the typical course sequencing and timeline within the program. Each student's academic journey is unique, and individual plans may vary based on course availability, prior coursework, research interests, and academic progress. Students should consult regularly with their academic program to develop and maintain an individualized plan of study that aligns with their goals, circumstances, and curricular requirements. Curriculum and tuition for all programs are subject to change based on Arizona Board of Regents (ABOR) and Arizona Department of Education (ADE) updates.

Content areas

Applicants must select an available content area. Not all content areas are available for all entry terms or for all professional pathway options. Course sequences or plans of study detailing specific course offerings are found on the [MLFC Graduate Student Success Site](#).

Approved content areas and (methods courses)

Art (TEL 598)	Biological Science (SED 513)	Business Education (SED 514)	Chemistry (SED 513)
Chinese (Mandarin) (TEL 598)	Earth and Space Sciences (SED 513)	Economics (SED 514)	English (SED 511)
French (TEL 598)	General Science (SED 513)	Geography (SED 514)	German (TEL 598)
History (SED 514)	Mathematics (SED 512)	Physical Education (TEL 598)	Physics (SED 513)
Political Science/ American Government (SED 514)	Spanish (TEL 598)		

Not all content areas are available for all Professional Pathways options. Discuss your desired content area with your academic advisor to ensure the appropriate selection

Program of Study

Required Core (11 credits hours)

TEL 510 Instructional Design, Planning and Assessment	2
TEL 517 Creating Equitable Learning Environment: Decision Making and Action	3
TEL 502 Exploration of Education: Child/Adolescent Development and Foundations of Special Education	3
TEL 532 Literacy Across the Disciplines	3

SEI Endorsement (3 credit hours)

ELL 515 Structured English Immersion Methods	3
--	---

Other Requirements (7 credit hours students select based on content area)

SED 510 General Methods and Assessment	3
SED 511 ELA Methods and Assessment	4
SED 512 Secondary Mathematics Methods and Assessment	4
SED 513 Science Teaching Methods for Secondary School	4
SED 514 Methods for Teaching Secondary Social Studies	4
TEL 598 Topic: Methods in Secondary Education	4
PPE 555 Physical Education in the Secondary Schools	3
PPE 566 Conceptual Physical Education	1
PPE 550 Physical Education for the Elementary School	3

Concentration requirements (6 credit hours depend on the student's pathway to certification (traditional or alternative))

Alternative teaching certification route — At least 4 credits must be Apprentice Teaching. Students switching routes from traditional certification may substitute Student Teaching for 2 credits of Apprentice Teaching with permission of the program.

- SED 571 Apprentice Teaching I (2)
- SED 574 Apprentice Teaching II (2)
- SED 579 Apprentice Teaching III (2)
- SED 557 Internship I (2)
- SED 567 Internship II (2)
- SED 576 Internship III (2)

Traditional certification route — At least 2 credits must be Internship and at least 2 credits must be Student Teaching. Students switching routes from alternative certification may substitute Apprentice Teaching for Student Teaching with permission from the program.

- SED 557 Internship I (2)
- SED 567 Internship II (2)
- SED 576 Internship III (2)
- SED 578 Student Teaching in Secondary Education (2)
- SED 596 Student Teaching (2)

Culminating experience (3 credits)

SED 593 Applied Project	3
-------------------------	---

Total credits required for degree 30

Additional Curriculum Information

Students select one of the alternative certification or traditional certification pathways.

Students should see an advisor for “Other Requirements”.

Alternative pathway students choose six credit hours of apprentice teaching and internship from Concentration Requirements. At least four credit hours must be apprentice teaching.

Traditional pathway students choose six credit hours of internship and student teaching from Concentration Requirements. At least two credit hours must be internship and at least two credit hours must be student teaching. If a student plans to switch pathways mid-program, the student must reach out to the academic unit for appropriate advisement.

Culminating experience

Students are required to complete an applied project in SED 593 in which students research, implement and measure the effectiveness of an intervention to solve a problem of practice in secondary education. A successfully completed applied project constitutes the culminating experience for the master's degree. Students must earn a grade of B or higher in the culminating experience course.

Professional certification routes

MLFC offers options for students to earn a master's degree and Arizona teacher certification through a traditional or alternative teaching route. Either of these determines a series of professional experiences required to meet Arizona Department of Education requirements for Arizona teacher certification. The degree coursework is the same for either route and includes clinically embedded coursework assignments to connect theory and practice in the classroom through professional experiences. Students take classes in a fully online modality.

Master's students take six credits of professional experience, at minimum, throughout the program. To meet certification requirements, students must successfully complete either one semester of student teaching (traditional route) or two semesters of apprentice teaching (alternative teaching route). The additional professional experiences beyond the certification requirement can be through internships, apprentice teaching, or an additional student teaching experience.

Students in the **traditional route** must complete:

- Two semesters of internship prior to applying to student teaching
- One semester of student teaching

Alternative route — Students must complete a minimum of two semesters of apprentice teaching. Apprentice teaching courses are offered as an alternative route to teacher certification for students who are full-time teachers of record in an approved content area on the Alternative Teaching Certificate from the Arizona Department of Education (or out-of-state comparable certificate), while completing classes for the MEd and certification. For their third professional experience course, students can take either an internship, an additional apprentice teaching course, or student teaching.

Interactive Plan of Study

All ASU graduate students are required to complete and submit a plan of study online through the [My ASU interactive Plan of Study](#). The iPOS must be submitted and approved prior to completing 50% of the coursework required for your program.

Students are encouraged to schedule an appointment with their MLFC advising team to discuss their plan of study and how to complete the iPOS. After submitting the iPOS, your advising team will approve it. The Graduate College has final approval over all iPOS submissions.

When evaluating your iPOS, your advising team will check to ensure all required coursework is included as part of your plan and that you are planning to take courses in the appropriate sequence/order. Your advising team will send your iPOS back to you for revision if it is incorrect.

Teacher certification

The Arizona Department of Education approves and recognizes teacher and administrator preparation programs offered by ASU as providing the academic knowledge and experiential expertise required of graduates to apply for Arizona certification. *Graduates of MLFC teacher preparatory programs qualify to apply for certification or licensure in many, but not all, states and territories, either directly or through reciprocity.*

ASU provides information from state websites on the [professional licensure](#) page. Still, students are encouraged to confirm the regulatory requirements needed to apply for certification or licensure in the states in which they are interested in working, including additional subject testing and background checks or professional experience requirements. For answers to specific questions, contact MLFCcompliance@asu.edu.

Institutional recommendation for Arizona teacher certification

Graduates completing MLFC teacher preparatory programs are eligible for an Institutional Recommendation allowing them to satisfy academic requirements for teacher certification in the state of Arizona. Graduates seeking certification or licensure in other states may need or want to become certified in Arizona first and then transfer that certification to other states via reciprocity. Prospective students can use the [professional licensure](#) page to determine if reciprocity or direct application is the preferred option in the states in which they are interested in teaching. Prospective students are encouraged to contact their states of interest to confirm the MLFC preparatory programs they are interested in will lead to certification or licensure.

Arizona and U.S. Constitution requirements

Students have three years under a valid teaching certificate to fulfill the Arizona Department of Education requirements for Arizona and U.S. Constitution exams, unless they are teaching an academic course on history, government, social studies, citizenship, law or civics, in which case they have one year to fulfill the requirements. Students may take courses through ASU or a community college, or take the Constitutions of the United States and Arizona (33) Arizona Educator Proficiency Assessment exam to fulfill the requirements.

Structured English Immersion

The Structured English Immersion (SEI) course is part of the curriculum of the Master of Education (Teacher Certification) programs. Some districts may require the SEI course to be completed before issuing an alternative teaching certificate; however, students must still complete the SEI requirement as part of the educator preparation program.

Certification examinations

No exams are required for admission to the M.Ed. Secondary Education (Teacher Certification) program. However, the appropriate exam(s) may be required prior to enrollment in the program, depending on state requirements for certification, particularly for Alternative Teaching Certification Route students. State-required exam information can be found on the [ADE website](#). Required exams must be passed in order to obtain teacher certification from the ADE upon program completion. Students seeking initial teacher certification outside Arizona must consult with their state for information regarding examination or additional coursework requirements.

Additional states and territories

Full reciprocity is not available in many states, and transcript reviews, further testing and completion of additional coursework may be required based on a state's certification or licensure policies. MLFC collects and provides certification and licensure information from each state, district and territory to aid prospective students in program and career decision-making. However, each state's policies and practices are subject to change and are open to interpretation that can change at any time. Prospective students are strongly encouraged to contact their states of interest to confirm they can meet all certification, academic and professional requirements before making enrollment decisions.

There are elective courses and other options that can help students prepare for unique academic requirements in the states they desire to teach. Please contact advising at GradEdPrep@asu.edu to ensure academic requirements can be met before applying for certification or licensure outside Arizona.

Satisfactory Academic Progress and Professional Conduct Policy

In order to remain in good standing in the Mary Lou Fulton College for Teaching and Learning Innovation ("MLFC"), students must maintain satisfactory academic progress consisting of both Standards of Academic Performance and adherence to the MLFC Professional Disposition Standards, as described in this policy.

Students are expected to familiarize themselves with the policies and procedures listed in the [MLFC Satisfactory Academic Progress and Professional Conduct policies](#) and understand policies related to academic progress found in the [Graduate College Policy and Procedures](#).

Title IX

ASU prohibits all forms of discrimination, harassment and retaliation. [Read ASU's Title IX policy](#). Title IX protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. As required by Title IX, ASU does not discriminate on the basis of sex in the education programs or activities operated by the university, including in admission and employment. Inquiries concerning the application of Title IX may be referred to the Title IX Coordinator or to the U.S. Department of Education, Assistant Secretary, or both. Contact TitleIXcoordinator@asu.edu or 480-965-0696 for more information. The Title IX office is located at 1120 S. Cady Mall, INTDSB 284. For information on making a report, visit ASU's [Report It! page](#).

Student responsibility

All students are expected to be familiar with and abide by university and program policies and procedures. Visit the following websites for policy and procedure information:

- [ASU Graduate College policy manuals](#)
- [ASU Graduate College Policies and Procedures](#)
- [Mary Lou Fulton College for Teaching and Learning Innovation student forms and policies](#)

Student email

Email is a primary form of communication between MLFC and students in the program. Students are expected to check their ASU student email account regularly to ensure timely receipt of information from faculty and staff.

Harassment

ASU is committed to providing an environment free of discrimination, harassment or retaliation for the entire university community. ASU expressly prohibits discrimination, harassment and retaliation by employees, students, contractors or agents of the university based on any protected status: race, color, religion, sex, national origin,

age, disability, veteran status, sexual orientation, gender identity and genetic information. [More information on ASU's policy on discrimination, harassment, and retaliation](#)

Academic integrity

Integrity is a character-driven commitment to honesty, doing what is right and guiding others to do what is right. ASU students and faculty are expected to act with integrity in their educational pursuits.

The ASU student [Academic Integrity Policy](#) lists violations in detail. These violations fall into five broad areas that include but are not limited to:

- Cheating on an academic evaluation or assignment
- Plagiarizing
- Academic deceit, such as fabricating data or information
- Aiding academic integrity policy violations and inappropriately collaborating
- Falsifying academic records

Student Code of Conduct

The [ASU Student Code of Conduct](#) sets forth the standards expected of students who choose to join the university community. Students who violate these standards will be subject to disciplinary sanctions to promote their own personal development, to protect the university community and to maintain order and stability on campus. All students are likewise expected to adhere to the [Arizona Board of Regents Student Code of Conduct](#).

[Complete resources regarding policies related to the ASU Student Code of Conduct](#)

Graduate College and graduate student responsibilities

Graduate students are responsible for familiarizing themselves with all university and graduate policies and procedures. Each student should also communicate directly with their academic unit to be clear on its expectations for program completion.

Information is provided to students via My ASU. Students should frequently check their My ASU page for the most up-to-date information regarding their status, holds, items to attend to and other important information.

The Graduate College establishes policies that are consistent for all graduate students throughout the university. These policies include, but are not limited to:

- Maintaining continuous enrollment
- Completion of the interactive Plan of Study
- Maximum time limit for completing degrees
- Preadmission credit
- Academic progress
- Graduate degree requirements

Students are responsible for understanding the policies set by the Graduate College. Complete policies and procedures for graduate students can be found on the [Graduate College website](#).

Policies and procedures

Registration and drop/add policies

All students are required to have proof of measles immunizations on file with [Student Health](#) prior to registration. Graduate students register through My ASU according to their enrollment appointment. Students enrolled exclusively in online course(s) and not physically present on any ASU campus/site for classes or projects are exempt from these immunization requirements.

Complete details regarding registration and course drop/add procedures are provided by the [University Registrar Services](#).

Enrollment verification guidelines

The University Registrar's Office will verify student enrollment each semester. Full-time and half-time credit requirements can be found at [Enrollment and degree verification](#).

Note for students in online programs: Typical enrollment in MLFC online master's degree programs is six credits per semester. This is generally considered half time for enrollment verification purposes. Typical enrollment in graduate certificate programs is 3–6 credits per semester.

Maximum course load

MLFC provides recommended course sequences for all graduate programs to guide students in their registration each term. Students are encouraged to follow the course sequence for their program or to discuss any alterations with an academic advisor. Course sequences are developed with program progression and student success in mind. The Graduate College does not have a maximum credit hour enrollment policy. Anything in excess of 18 semester credit hours requires override approval.

Some MLFC programs restrict the number of credit hours students may take within their academic program. Please consult your academic advisor if you have questions about your course sequence or the number of credits you may take in any given term.

Continuous enrollment

Once admitted to a graduate degree or graduate certificate program, students must be registered for a minimum of one credit hour during all phases of their graduate education, including the term in which they graduate. This includes periods when students are engaged in research, conducting a doctoral prospectus, working on or defending theses or dissertations, taking comprehensive examinations, taking Graduate Foreign Language Examinations, or in any other way utilizing university resources, facilities or faculty time.

Registration every fall, spring, and summer semester is required. Summer registration is required for students taking examinations, completing culminating experiences, conducting a doctoral prospectus, defending theses or dissertations, and when it is the semester of admission or graduation from the degree program.

To maintain continuous enrollment the credit hour(s) must:

- Appear on the student's iPOS, or
- Be research (592, 792), thesis (599), dissertation (799) or continuing registration (595, 695, 795) or
- Be a graduate-level course.

Grades of W or X are not considered valid registration for continuous enrollment purposes. W grades are received when students officially withdraw from a course after the drop/add period. X grades are received for audit credit.

Students completing work for a course in which they received an I grade must maintain continuous enrollment as defined previously.

Request to maintain continuous enrollment (leave of absence)

Graduate students planning to discontinue registration for a semester or more must submit a **Leave of Absence request via their Interactive Plan of Study (iPOS)**. This request must be submitted and approved before the anticipated semester of non-registration. Students may request a maximum of two semesters of leave during their entire program. Having an approved Leave of Absence by the Graduate College will enable students to re-enter their program without re-applying to the university.

Students who do not register for a fall or spring semester without an approved Leave of Absence are considered withdrawn from the university under the assumption that they have decided to discontinue their program. Students removed for this reason may re-apply for admission to resume their degree program; the application will be considered along with all other new applications to the degree program.

Students with a Graduate College approved **Leave of Absence** are not required to pay tuition and/or fees, but in turn are not permitted to place any demands on university faculty or use any university resources. These resources include university libraries, laboratories, recreation facilities or faculty and staff time. For more information see [Graduate College Policies](#).

Voluntary withdrawal

To withdraw from a graduate program and the university, students must complete the [Voluntary Withdrawal form](#). Submitting a voluntary withdrawal form does not remove a student from courses. Students must file separately with the University Registrar's Office to drop any courses.

Medical/compassionate withdrawal

A student may be eligible for a medical/compassionate withdrawal if the withdrawal is due to extenuating circumstances such as a previous serious physical or mental illness (medical withdrawal) or the death or serious illness of a family member (compassionate withdrawal). To request a medical or compassionate withdrawal, students must submit a [Request for a Documented Medical/Compassionate Withdrawal](#).

Appeal and grievance processes

Academic probation

There is no appeal from the action of being placed on probation. Probation provides a warning to the student of the potential for suspension and/or dismissal.

Grade appeal procedure

Final, official course grades are listed on My ASU via the student's transcript. Students should check their transcripts regularly following the grade posting date for each term. In the event there is a discrepancy between the final grade in the transcript and the grade the student expected to receive based on the Canvas gradebook, students must submit an appeal to the instructor within 10 business days of the last date for posting final grades, as listed in the [Academic Calendar](#), and according to the appeal process outlined below:

Reasons for grade appeal: A student may appeal a grade only when they can document that one or a combination of the following has occurred:

- The instructor erred in calculating points or acknowledging timely submission of assignments.
- The instructor did not apply grading standards equitably (that is, there is evidence of bias; for example, due to race, age, sex, religion or national origin).
- The instructor did not assign grades consistent with the standards and procedures for evaluation announced at the beginning of the course in the course syllabus. The instructor may amend or supplement the standards and procedures during the course by providing written or oral notice to the entire class.

Step 1: Informal meeting with instructor — This step is mandatory and applies only to appeal of course grades.

1. The student must contact the instructor of the course and complete and submit the [Grade Appeal Form](#). The student must provide any additional relevant documentation to support the appeal and reasons for disputing the grade to the instructor. The narrative accompanying the appeal form may not exceed five double-spaced pages.
2. The student must meet with the instructor either face-to-face or, in the case of online classes only, virtually. If this meeting does not resolve the grievance, the student may move to step 2 and submit the Grade Appeal Form to the Office of Academic and Career Success.

Note: If the required meeting with the instructor has not taken place, the appeal will be accepted only if the student supplies evidence that they contacted the instructor and, A) received no reply for five business days, or B) have been unable to schedule a meeting within 10 business days of the date of contact.

Step 2: Submit grievance to Office of Student Services — If the grievance is not resolved in step 1, the student may forward the grade appeal to Erica Mitchell, executive director of student services, at erica.mitchell@asu.edu.

Step 3: Vice Dean reviews grade appeal — The executive director of student services will review the grade appeal and may request additional information. The grade appeal will be forwarded to the division director for review, if the appeal meets the criteria for a grade appeal. The division director will review all information and notify the student of the outcome.

Step 4: Appeal decision to the dean

- Per ASU policy, the student may appeal the division director's decision to the dean, whose decision is final. *The student must appeal within five business days of receiving the division director's decision.*
 - To submit an appeal to the dean, the student must forward the original appeal and the division director's response to the Director of Academic Operations Alana Lackore at Alana.Lackore@asu.edu, who will begin the appeal process at the dean's level.
- Only the issue appealed to the division director may be appealed; no new issues or complaints may be added. The dean or her designee has full discretion as to whether to refer the appeal to the Student Issues Committee (also known as the College Academic Grievance Committee). See [University Policy for Student Appeal Procedures on Grades](#).
- The student will be notified by mail of the outcome. The decision of the Student Issues Committee (dean's designee) is final.

Deadline: To receive consideration, the appeal form and supporting documentation must be submitted to the instructor within 10 business days of the last date for "Final grades due" as listed in the [Academic Calendar](#).

Submit Form: Submit a [Grade Appeal Form](#) to your instructor when requesting a meeting. Both undergraduate and graduate students should also submit a copy to erica.mitchell@asu.edu. Your email will count as an electronic signature.

It is ASU's policy that students filing grievances and those who are witnesses are protected from retaliation. Students who believe they are victims of retaliation should immediately contact the dean of the college in which the course is offered. [More information on ASU grading policies](#)

During the time of the appeal, a student may register for courses; however, if the appeal is denied and the student is withdrawn, ASU's policies on tuition refunds will be applied. Any concerns about tuition charges should be addressed to the Registrar's Office.

Appealing a recommendation for dismissal from program

The Graduate College admits students to graduate study at ASU. Students who fail to make satisfactory academic progress may be involuntarily withdrawn (dismissed) from their academic programs by the Graduate College upon the recommendation of MLFC. The student has the right to appeal a recommendation for dismissal.

Steps in the appeal process:

1. The student receives notice from the executive director of student services that a recommendation for dismissal from the program is being made to the ASU Graduate Education office.
2. Within 10 business days of receiving this notice, the student may appeal in writing to the appropriate division director on the MLFC Student Issues Committee (dean's designee). Petitions for review forms are available in the MLFC Office of Student Services on each campus. Failure to file the appeal within 10 business days of the date of notification will result in an automatic denial of the appeal.

Maximum time limit to complete degree

Master's degree — All work toward a master's degree must be completed within six consecutive years. The six years begin with the semester and year of admission to the program. Graduate courses taken prior to admission that are included on the plan of study must have been completed within three years of the semester and year of admission to the program.

Doctoral degree — Doctoral students must complete all program requirements within a 10-year period. The 10-year period begins with the semester and year of admission to the doctoral program. Graduate courses taken prior to admission that are included on the iPOS must have been completed within three years of the semester and year of admission to the program. (Previously awarded master's degrees used on the plan of study are exempt.)

Any exception to the time limit policy must be approved by the supervisory committee, the head of the academic unit and the dean of the Graduate College. The Graduate College may withdraw students who are unable to complete all degree requirements and graduate within the allowed maximum time limits.

Student support resources

MLFC Office of Academic and Career Success

Academic advising

All graduate students are assigned an academic advising team when admitted to a degree or certificate program. Academic advising contact information can be found on My ASU under "Academic Advising."

Academic advisors work with students from admission to program completion and are the primary point of contact with the college. They can help students navigate program and degree requirements, registration, college and university policy, and can connect students to other resources as needed.

Students are encouraged to use the [MLFC Graduate Student Site](#) for general information about programs, processes and policies that may be specific to the academic program or college.

- Phone: 480-965-5555
- Email: GraduateEducation@asu.edu

Students can expect a response from a member of their academic advising team within 24–48 business hours. During times of peak volume, please allow up to 72 hours for a response. For urgent needs, contact 480-965-5555 to be connected with any available academic advisor.

Academic and professional development resources

ASU Libraries

The ASU library system gives you access to more than 32,000 electronic journals, 281,000 electronic books and 300 research databases online. Library support in person, through email, phone and chat is also available. You are encouraged to explore the resources offered by the ASU Libraries including:

- [ASU Online Library Guide](#)
- [Education subject course guide](#)
- [Research Databases](#)

ASU Writing Center

MLFC expects that all submitted contributions in graduate-level courses will be of professional quality. Unless specifically stated, all assignments should conform to APA style. [Graduate Academic Support Center](#)

Career services

Students are encouraged to explore resources available through the [ASU Career and Professional Development Services Office](#). Services and events offered:

- Resume workshops and critique
- Career mixers
- Job search strategies
- Interviewing skills and mock interviews

Student support services

ASU Online student support and services

Students in online programs have access to dedicated support through success coaches and student services staff. Success coaches and contact information are listed on the student's My ASU page. [ASU Online](#)

International Student and Scholars Center

The ASU International Student and Scholars Center provides a number of services and resources to international students. [ASU International Student and Scholars Center](#)

Health Services

ASU Health Services is dedicated to the well-being and educational success of each student by providing high-quality health care that is accessible, affordable and compassionate. Students can access health services by appointment online or in person, or by walk-in for immediate concerns. [ASU Health Services](#)

Counseling services

Counseling and mental health services are provided at ASU's Downtown, Polytechnic, Tempe and West campuses. ASU students may seek services at any campus counseling center regardless of their college affiliation. Visit [ASU Counseling Services](#) for complete information regarding these services, including after-hours and weekend support. Support is available 24/7. For life-threatening emergencies, call 911.

Student Accessibility and Inclusive Learning Services

MLFC is committed to student success and ensures an inclusive learning environment for all students. Students with disabilities or disabling health conditions who need accommodations are required to document their condition with SAILS. MLFC encourages admitted students who believe they may need an accommodation to register with SAILS prior to enrolling in the program. [Student Accessibility and Inclusive Learning Services](#)

Veterans and Military Affairs Office

MLFC values the exceptional contributions of our veterans and welcomes current and former members of the military and their dependents as students preparing for careers in the education field. The Pat Tillman Veterans Center is available to student veterans and their dependents with locations on four campuses and online. [Pat Tillman Veterans Center website](#)

Associated Students of ASU

[Graduate Student Government \(GSG\)](#) is the graduate student government for Arizona State University. We advocate for students, not only on the university level, but in all levels of government and provide services and resources that facilitate and empower student success in all aspects of academic and professional life.

Business and Finance Services

Parking and transit

The [ASU Transportation website](#) has complete information about policies and procedures related to parking and transit, including parking passes, public transit and campus shuttle information.

Student Business Services

Student Business Services offers a variety of student account services including tuition and billing, student refunds (including financial aid), receipt and payment processing, support for past-due accounts, third-party sponsorship assistance and Perkins Loan repayment. [Student Business Services](#)

Sun Devil Card Services

ASU students may choose between the Pitchfork ID and the basic Sun Card to use as an official university ID card. [ASU Sun Devil Card Services](#)

Campus amenities

Housing

Living at ASU promotes creative connections and innovation inside and outside the classroom, providing a supportive, close-knit environment designed to set you up for success. [University Housing](#)

Dining services

Sun Devil Dining offers quality, value, variety and convenience with more than 50 dining locations, including dining halls, fast-casual restaurants, cafes and on-campus markets. [Sun Devil Dining](#)

Other departments and services

Provost's office

The Office of the University Provost provides leadership for all of the university's campuses and academic programs, fostering excellence in teaching, research and service to the community. [Office of the University Provost](#)

IT help office

The University Technology Office embraces its roles as an enabler and a catalyst for advancing the vision and work of the New American University. Students can access the service center from their My ASU page. [ASU Enterprise Technology](#)

ASU Safety and Security

ASU provides a safe, healthy and secure environment. Maintaining a healthy and secure campus community for students, staff and faculty means knowing what to do in the event of an emergency and having the right tools to respond. For information related to ASU safety practices and policies, visit [ASU Safety](#). For information related to the ASU police department, visit [ASU Police Department](#).
